Z-Flash BCM
Plugin Flasher
For Ford

The Z-Flash BCM for Ford is the easiest way to flash your factory lights. Simply connect into your vehicle's BCM port and connect to the Z-Flash box. The Z-Flash can work as a plug and play system with the switch, or you can hardwire it to your controller or switch. The Z-Flash BCM plugs directly into the BCM of select Ford vehicles and flashes the vehicle's front & rear turn signals, mirror turn signal lights, cargo light, 3rd brake light and reverse lights. The Z-Flash BCM Plug and Play Flasher for Ford will not damage your vehicle and can easily be removed at any time.
